## QUALIFICATIONS SUMMARY

Full Stack Web Developer with a background in Social Work and Civil Engineering. Effective at combining creativity and problem solving to develop user-friendly applications. Known among staff for strong wit and attention to detail no matter the complexity of the project.

## TECHNICAL SKILLS

- HTML
- CSS
- Javascript
- jQuery
- NodeJS
- MySQL
- MongoDB
- React

## PROJECTS

- **CRISTAL COLLECTOR**
  - A guessing game in which player will guess the numbers and get points.
  - Technologies: HTML, CSS, bootstrap, javascript, jQuery
- **GIFTASTIC**
  - A funny Animal App which started with five buttons: Dog, Cat, Tiger, Lion and Crocodile. When a button is clicked, some images related to the animal associated with that button will be displayed. Player can add any animal you like in the text box, then click the button named "Here you go!".
  - Technologies: HTML, CSS, bootstrap, javascript, jQuery, ajax
- **TRAIN SCHEDULE**
  - This application is developed to incorporate Firebase to host arrival and departure data of every train in order to provide up-to-date information about various trains, including their arrival times and how many minutes remain until they arrive at their station.
  - Technologies: HTML, CSS, bootstrap, javascript, jQuery, Firebase, momentjs
- **GOOGLE BOOK SEARCH**
  - This React-based Google Books Search app works with helper/util functions, and utilizes React lifecycle methods to query and display books based on user searches. Then users can save books to review or purchase later.
  - Technologies: Node, React, MongoDB, Express
- **EAT DA BURGER**
  - This React-based Google Books Search app works with helper/util functions, and utilizes React lifecycle methods to query and display books based on user searches. Then users can save books to review or purchase later.
  - Technologies: Node, React, MongoDB, Express
- **BAMAZON**
  - An Amazon-like storefront application, which will take in orders from customers and update stock from the store's inventory.
  - Technologies: Node, MySQL, Inquirer

## PROFESSIONAL EXPERIENCE

- **IT admin and Settlement Worker, VWAT Family Services** *April, 2013 – present*
  - Administrator of the computer network in the office, including a Clients Profile Management Application using XAMPP
  - Providing one-on-one counselling services to newcomers to Canada
- **Guest speaker for Georgian College** 2013 - 2018
  - Guest speaker for Diversity and Multiculturalism course in Fall semesters @ Faculty, Human Services and Community Safety from 2013 to 2018.
- **Online Volunteer, United Nation Volunteers (UNV)** Nov. - Dec. 2010
